Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Institution regularly evaluates the performance of students through various methods for measuring the attainment of each of the Program Outcomes, Program Specific Outcomes and Course Outcomes.

Evaluation Process: The programme outcomes and Programme Specific outcomes are assessed with the help of course outcomes of the relevant programme through direct evaluation process. It is provided through University Examinations, terminal exams, internal and home assignments, unit tests, surprise tests, open book tests, etc. Throughout the year the faculty records the performance of each student on each programme At the same time remedial coaching is also provided to slow learners to make pace with the desired progression. Average attainment in Evaluation Process: Students under university examination are evaluated for 75% of total marks and institution for 25% marks as internal assessment. . At the same time, observations of student knowledge and skills against measurable course outcomes are evaluated throughout the year.

The Methods of measuring attainment:

1. Annual and End Semester University Examination: The affiliating University conducts examinations as per semester and annual pattern through which the institution measures programme outcomes based on the course attainment level fixed by the programme. It is a direct evaluation process

2. . 2.Internal and External Assessment: Internal assignments are given to the students which are mostly aligned with Programme Outcomes of the respective subject. External Assessment is evaluated by external experts for the Practical examinations, appointed by the University through Viva-Voce and practical files.

3. 3.Institutional Examination and Tests: Students are assessed and evaluated throughout the year at institutional level through unit test, surprise test, terminal

examination and the performance of the student is analyzed for assessing the attainment level of programme outcomes and programme specific outcomes.

4. 4. Feedback Evaluation: The Institution collects feedback from students, Alumni, Employers and Parents which is an important method of measuring attainment with objectives of identifying the attainment level of students in terms of programme, subject, course and syllabus outcomes and to understand the impact of teaching learning process.

5. 5.Internships: Students are encouraged to take up internships. This helps them to obtain necessary skills and practical experience in their chosen discipline.

6. 6.Placements: One of the most important Programme Outcomes of Undergraduate Degree is the employability of students upon successful completion of their degree programme.
